## WENTWORTH SCHOOL WARRANT

## THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of Wentworth, N. H., qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 8th day of March 1949, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the District will vote to move the Foster School Building to Wentworth School yard or permit School Board to sell same and proceeds from sale to be used for improvements to the Village School.

10. To see if the District will authorize the school board to study the feasibility of the Wentworth school district becoming a member of a cooperative school district request of the State Board of Education to assist in the preparation of a plan for the proposed cooperative school district and prepare a complete report to the school district for presentation either at a special meeting called in accordance with New Hampshire Revised Laws. Chapter 139 or act at the next annual school district meeting.

11. To see if the district will raise and appropriate a sum not to exceed \$50.00 to be used by the school board in the preparation of the report so voted in article 10.

12. To transact any other business that may legally come before said meeting.

Given under our hands at said Wentworth this 8th day of February 1949.

## ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Wentworth School Board:

My sixth annual report now submitted for your consideration contains discussions and recommendations that may be helpful in shaping educational policy. It will also give the general public information about the operation of Wentworth schools.

Before this report is published, Wentworth people will have had an opportunity to learn about cooperative school districts and the reasons why such an undertaking should be of special interest to us at this time. Our high school pupils now attend two high schools—Plymouth and Orford. Presumably, a majority of pupils will continue to choose Plymouth as long as that school can accept tuition pupils. The formation of a cooperative school district can assure continued attendance in the larger school which Wentworth would own, support, and control jointly with other participating school districts. It is my belief that acceptance of cooperative school membership will give both high school security for the future and a larger return on every dollar spent for education.

Altho Wentworth salaries are much higher than those paid just a few years ago they are still below those paid for similar work in the state as a whole. It will be good business for us to revise our salary schedules upward under conditions that will guarantee professional improvement and educational growth by those who benefit from that revision. Voluntary recognition of need and acceptance of progress is far more desirable than forced acquiescence under pressure or necessity.

There are three ways in which we can improve our school none of which should be very costly in any one year.

School room lighting is not good. When direct sunlight rests on the side windows it is necessary to draw the shades which are so hung that light from the entire window is cut off. Those shades could be hung in the middle of the windows so that only the lower half need be darkened when they are drawn. A light weight, hinged frame covered with unbleached

white cloth could be installed along the upper half of all side windows that would still admit plenty of light but with the glare removed. Improved lighting is an effective way of relieving eye strain.

School furniture is very old and badly in need of repair or replacement. The cost of new seats and desks of approved moveable, adjustable design is too high for us to make any extensive purchase in any one year. However, it is my recommendation that the March school budget carry an allowance sufficient to permit us to replace ten of the most badly worn desks by next September. Similar provision each year thereafter would soon give us satisfactory school furniture.

The very limited playground area around the school could be improved by removing several large rocks that stick out above the surface. Further improvement could be made if a way can be found to control mud in the yard. Such control has been obtained in many schools by applying a thin coating of hot-top over the surface after smoothing and leveling has been done. It is my recommendation that a trial area be so treated this summer.

You will note that three of my specific recommendations have centered around improvements in the building and grounds. There is a reason for that. Our children attend school in the most formative years of their lives when they are responsive to external influences which may profoundly affect their attitudes and thinking for life. The way they feel toward public and private property is bound to reflect the kind of environment which is provided for their school experiences. We are likewise under obligation to place every safeguard around their physical and mental health which can assure or ruin future adult usefulness.

It has been a pleasure to work in your schools. Members of the school board have been interested and helpful. My appreciation for every courtesy and assistance extended to me is gratefully acknowledged.

Respectfully Submitted,     Arthur S. Rollins,  
Superintendent of Schools

## REPORT OF THE FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90 percent of all fires are caused by carelessness and that all of these man caused fires are preventable.

Today, we have more slash and uncut grassland than for years in the past.—Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing down. In automobiles, always use ash trays.
- (3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

### 1948 FIRE RECORD

Number of Fires .....	none
Acerage burned .....	none
Number of Fire Permits Issued .....	16

W. S. Codman  
District Fire Chief

William Morrison  
Forest Fire Warden
